MEMORANDUM FOR: Deputy Director for Support

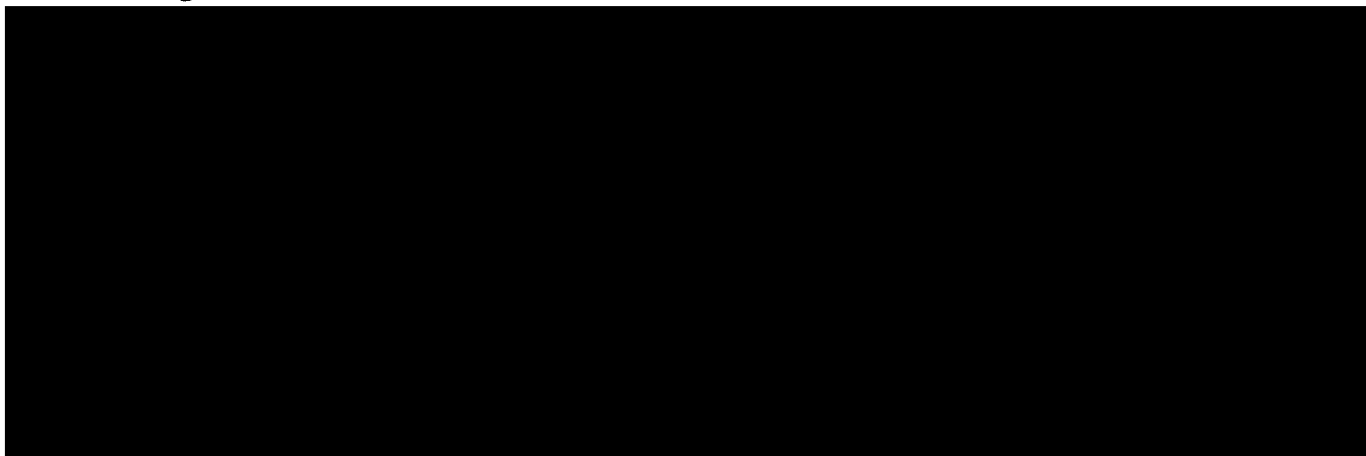

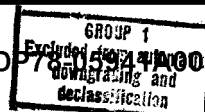

SUBJECT : Office of Personnel Report - Week Ending 7 November 1969

1. Final Figure on Retirements for October: The firm and final number of persons who retired from the Agency in October is 91. Of this figure, 55 retired under the Civil Service Retirement Act and 36 retired under CIARDS. This figure should not change since any physical disability retirements still to be adjudicated by the Civil Service Commission will be effective after 31 October, and persons under CIARDS who could have moved their effective dates have already done so. Our present count for retirements scheduled for 31 December 1969 is 27: 12 under the CIARDS and 15 under Civil Service.

2. Cooperative Education: Mr. [REDACTED] visited Mississippi State University last week and talked with six Forestry majors. All but two of this group really wanted to be conventional "Smokey Bear" foresters. The remaining two are interested in photo interpretation and were given application forms to complete and return to us. This school is one of only two in the country that has a Co-op Program in Forestry -- VPI is the other.
